ORGANIZING CHAIRMAN
Medicine 2.0 at Stanford

LARRY F. CHU, MD, MS
Assistant Professor of Anesthesia

Wednesday, August 10, 2011

Dear Medicine 2.0 World Congress Poster Presenter,

Congratulations for being selected as a poster presenter at the Medicine 2.0 World Congress at Stanford University (Sept 17-18, 2011). Please read this document carefully as it contains important information regarding the upcoming Medicine 2.0 conference.

Poster Size and Placement

- The dimensions of your poster must be no larger than 4 ft. x 4 ft.
- You will mount your poster on an easel provided by the Medicine 2.0 staff. Thumb tacks or Velcro dots will be provided to assist the mounting of your poster.
- Due to space constrictions, no tables will be provided. Please place handouts in a plastic folder.

Poster Presentation

- Please see the preliminary Medicine 2.0 conference program to view the poster presentation schedule. The preliminary program can be found at http://aim.stanford.edu/program_booklet_v3.pdf
- Your poster presentation will take place on either Saturday, September 17 from 12:30pm-1:30pm or Sunday, September 18 from 12:00pm-1:00pm. **Please check the conference schedule for your scheduled presentation day.**
- Please be prepared to present your poster 30 minutes prior to your designated presentation time. Poster presentation times are during the lunch period.
- Please remain by your poster for the duration of your session.
- Please remove your poster at the end of day on which you present. Posters left on the boards at the end of each day will be discarded and will not be mailed to presenters after the Congress.
- The organizers of Medicine 2.0'11 are not responsible for damage to posters during display, removal, or the time following removal, nor are they responsible for removal or loss of a poster.

Awards and Certificates

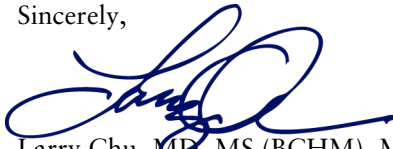

- Please remain standing by your poster for the duration of your session.
- A Medicine 2.0 conference staff member will award you with a **certificate of participation** if you are standing next to your poster when the staff member arrives.

Suggestions for Preparing Posters

Do	Don't
<ul style="list-style-type: none">• Make all material readable from 5 ft.• Make the poster self-explanatory• State your objectives and give concise experimental details• Make clear tables and give a illuminating conclusion	<ul style="list-style-type: none">• Using excessive text• Overcrowd the poster

Thank you. We look forward to seeing you at the conference!

Sincerely,

Larry Chu, MD, MS (BCHM), MS (Epidemiology)
